| Iodine value | g/100g | 2.1 | 0.0 | 4.0 |
| Acid value | mgKOHg | 0.9 | 0.0 | 4.0 |

BYK USA Inc.
Quality Control Supervisor
Wayne Mattingly

The above information is based on results of quality control tests, which are performed after production. No guarantee for specific properties of the products or for their suitability in certain applications can be derived from this. The certificate does not exempt the user from their own quality control on receipt of goods.

This inspection certificate was automatically issued and is valid without signature.
